Proposal regarding the issue of convertibles to employees, item 17

The Board of Directors proposes that the AGM resolves to issue convertibles with a nominal value not exceeding SEK 35,000,000. With disapplication of the shareholders' preferential rights, the employees of the Group shall be entitled to subscribe for the convertibles.

The subscription price of the convertibles shall correspond to the nominal value. Subscription for the convertibles shall take place during the period November 7 – 11, 2016. The convertibles shall carry an annual interest which is determined for each period and shall be STIBOR (six months) with addition of 2.25 percentage units and shall mature for payment on December 31, 2019. The convertibles entitle the holder to conversion to Class B shares. The conversion rate shall correspond to 127.5 per cent of the volume-weighted average of the price paid for the company's shares on Nasdaq Stockholm during the period October 6 - 17, 2016. Conversion to Class B shares shall take place during the period December 9 – 13, 2019. Allotment may not be made to the extent that the dilution, at full conversion, would exceed one (1) per cent of the share capital at the time of the AGM, provided that this shall also include the dilution that follows from the allotment of convertibles to members of the Board of Directors according to a proposal from shareholders.

The purpose of the deviation of the shareholders' preferential rights is to further strengthen the motivation of the employees regarding the Group's long-term business and financial development and to increase the motivation and the feeling of belonging to the company. The Board of Directors considers it to be advantageous for the company and for the company's shareholders to enable employees to be shareholders in Sectra AB (publ) through this convertible program.

The subscription price for the convertibles is equal to their market value according to an independent valuation. Therefore, no social fees will be payable for the Group as a result of the issue of the convertibles. Other costs for this convertible program as well as for the program for the issue of convertibles to external members of the Board of Directors pursuant to item 18 below, such as fees to external advisers and costs for the administration of the program, are estimated to be approximately SEK 300,000 during the term of the convertibles.

With disapplication of the shareholders' preferential rights, external members of the Board of Directors in Sectra AB (publ) shall be entitled to subscribe for the convertibles.

The issue price of the convertibles shall correspond to the nominal value. Subscription for the convertibles shall take place during the period November 7 – 11, 2016. The convertibles shall carry an annual interest which is determined for each period and shall be STIBOR (six months) with addition of 2.25 percentage units and shall mature for payment on December 31, 2020. The convertibles entitle the holder to conversion to Class B shares. The conversion rate shall correspond to 135 per cent of the volume-weighted average of the price paid for the company's shares on Nasdaq Stockholm during the period October 6 - 17, 2016. Conversion to Class B shares shall take place during the period December 10 – 16, 2020. Allotment may not be made to the extent that the dilution, at full conversion, would exceed one (1) per cent of the share capital at the time of the AGM, provided that this shall also include the dilution that follows from the allotment of convertibles to employees according to a proposal of the Board of Directors.

The purpose of the deviation of the shareholders' preferential rights is to further strengthen the motivation of the external members of the Board of Directors regarding the Group's long term business development.

The subscription price for the convertibles is equal to their market value according to an independent valuation. Therefore, no social fees will be payable for the Group as a result of the issue of the convertibles. As described in item 17 above, other costs for the convertible program pursuant to item 17 as well as for this program for the issue of convertibles to external members of the Board of Directors, such as fees to external advisers and costs for the administration of the program, are estimated to be approximately SEK 300,000 during the term of the convertibles.

The proposal set forth above implies that the company's external Board members subscribe for convertibles entitling the holder to acquire shares in the company. According to Chapter 16 of the Act referring to certain private placements etc., a resolution regarding approval of the plan as set out above is valid only where supported by shareholders representing at least nine-tenths of both the votes cast and the shares represented at the AGM.
