

### 2021 NA USER MEETING BREAKOUT SESSIONS – each attendee will select 3 sessions

1. **Breast Imaging\*** – See the new enhancements in our breast imaging portfolio including support for whole breast ultrasound (ABUS, ABVS) and integrations with Breast AI applications. We will present our new MX keypad and show how it supports screening reading and how easily it can be configured. *Kristin Lundgren/Agatha Allen*
2. **Cardiology Imaging\*** – Quite a few Sectra customers have integrated cardiology into their enterprise imaging platform. Learn about our broad portfolio of advanced clinical tools, seamless consolidation of all cardiology imaging, and the future development of the product. *Vedran Beglerbegovic/Maria Lois*
3. **Digital Pathology Imaging\*** – Now that primary diagnosis and remote reading has been approved by the FDA, Sectra customers are adding pathology into their enterprise imaging sphere. Learn about the realized benefits of primary diagnostics, integrated diagnostics, frozen sections, pathology second opinions, and running productive tumor board sessions. *Dave Boissonault*
4. **Display Protocol Changes\*** – Sectra has taken customer feedback to redesign our DP's. Listen in as we explain our new methodology with Quick and Smart DP's. DO NOT SELECT IF YOU ARE IN TRACK 3 WORKSTATION. *Brian Batten/Sharon Megyesi*
5. **Ophthalmology Imaging\*** – Learn about the “new ology” added to the Sectra Enterprise Imaging portfolio. *Pontus Svärd/Jeremy Neuhardt*
6. **Orthopedics Imaging\*** – Learn how Sectra enables the orthopedic surgeon and MSK radiologist to reduce costs, increase efficiency, and improve patient outcomes. See the product suite consisting of 2D and 3D preoperative and planning tools used for joint replacement, trauma, spine, MSK specific measurements, implant analysis, and 3D printing. *Darrin McGuire*
7. **Radiology Imaging and Deep Dive of releases 21.1 through 23.1\*** – Learn all about the latest releases and go into depth with the features and functions and key benefits. *Lindsay Forrest/Monika Pellinen*
8. **Workflow Orchestration & Enhancements\*** – Review all the exciting changes to radiology workflow to date, learn what is on the horizon, and study use cases of workflow orchestration at installed Sectra customer sites. *Petra Granlund/Ian Judd*
9. **Workstation demo with a specialist** – Spend the time doing a hands-on demo with a product expert. *Jessica Eaves/Megan Olmscheid*
10. **Free Period** – for those who want some time on their own.
